

Step 1: Navigating the Website

- Type **VXR.Direct** into your browser's address bar. This will bring you to our VXR.Direct website home page.

Step 2: Downloading VXR.Direct

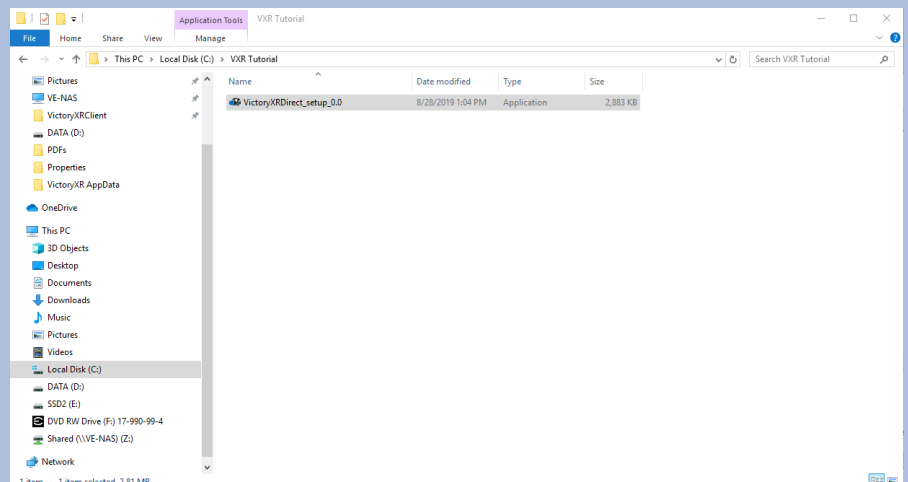

- Navigate to:
<https://vxr.direct/install/>
- Click on the **Click Here to Install** button to begin downloading the setup files.
- When downloading, you may see a message from Windows Defender. This is because our product is new. Click **Run Anyway** to continue downloading.

Step 3: Installing VXR.Direct

- Open the **setup .exe** to begin installation.
- Follow the setup to install VXR.Direct on your computer.

Note: When booting up VXR.Direct, you may see a prompt to install an update; doing so will allow you to access the latest version of VXR.Direct.

Step 4: Logging In

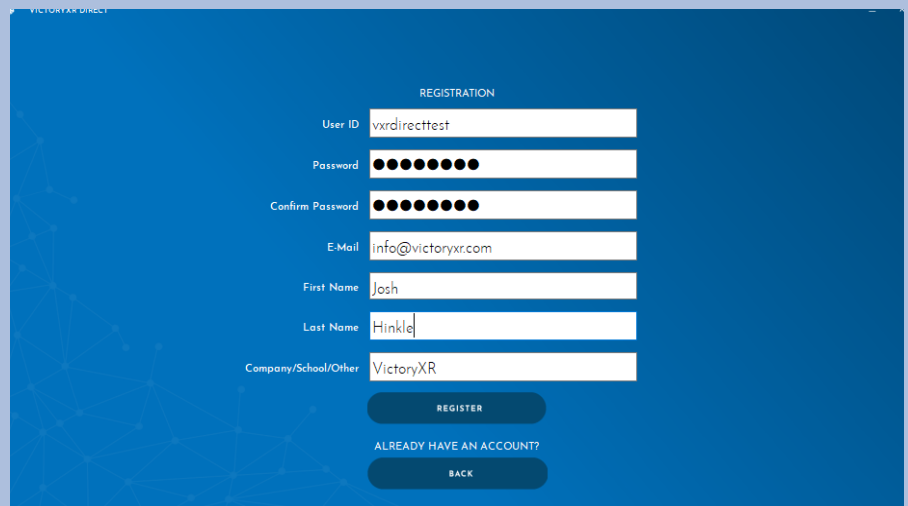

- If you already have an account, login by completing the **User ID** and **Password fields**, then select **Login**.
- Select the **Keep Me Logged In** box to skip this step every time you access VXR.Direct.
- If you need to create an account, select **Register**. (See Step 3 for process.)

Step 5: Creating a New Account

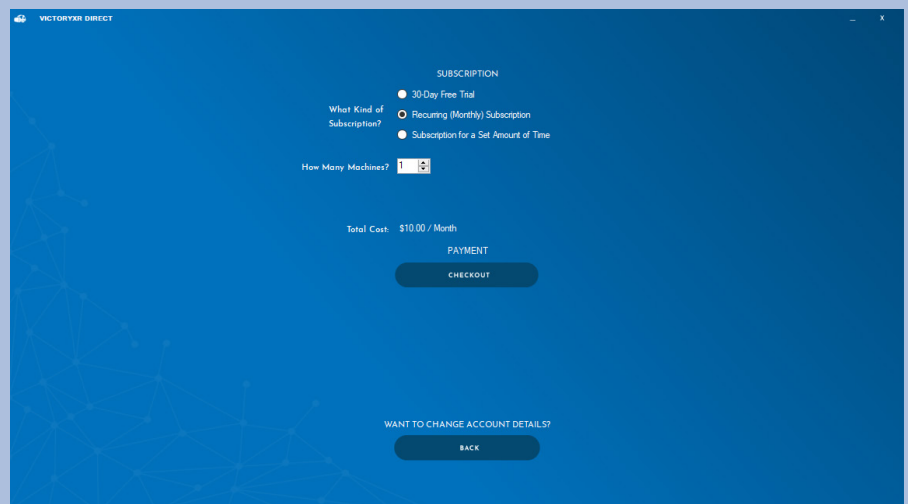

- On the **Registration** page, select a **User ID** and **Password** for your new account. Complete the remaining fields with your information.
- Select the **Back** button at the bottom of the page if you already have an account.

Note: When creating a password, ensure it is complex (i.e., letters, numbers, symbols) and record it somewhere for reference. We do not record your password and can only help you reset it if you get locked out.

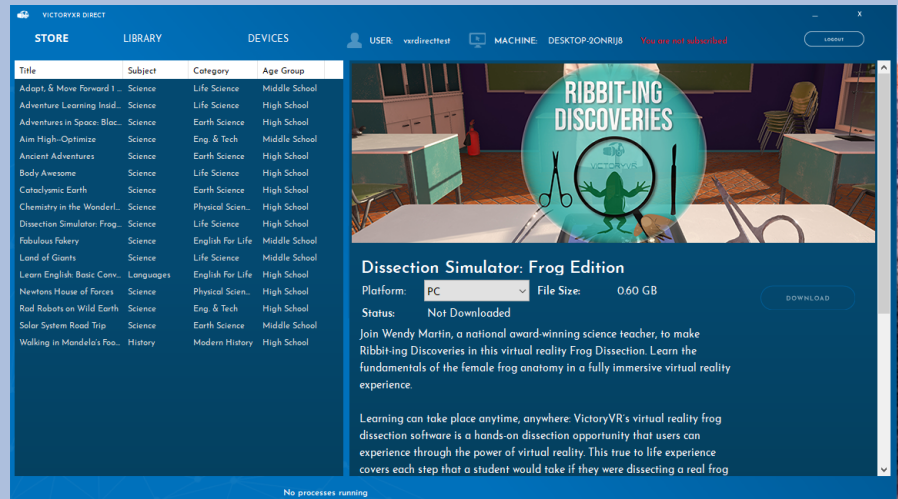

Step 6: Purchasing a subscription

- Check which type of subscription you would like to purchase, as well as the number of headsets associated with the subscription. The number of headsets is the **maximum number of installations you can make with each individual unit**.
- Click on the Checkout button, and finish your payment on Shopify.
- Once the payment is complete, click the Subscribe button to complete your account."

Step 7: Navigating the Store

- Once logged into your account, your landing page will be the **Store**.
 - On the left-hand side of the page is a listing of all currently available units.
- Note:** These will be added to weekly, which is why accepting the updates is recommended.
- On the right-hand side of the page is an overview of the currently selected unit (e.g., *Unit Description*, *Runtime*, *Subject*, *Teacher Support*, etc.).

Step 8: Using Teacher Support Resources

- For most units available, a **Teacher Support Page** exists. This resource offers additional detail about the unit and the experiences within it.
- To access these materials, select the **Teacher Support** button and a one-paged PDF with additional details will be displayed for your reference.
